PROFILE

Highly motivated and skilled Web Developer with expertise in frontend technologies such as HTML, CSS, and JavaScript, coupled with backend proficiency in Node.js. Experienced in creating dynamic and user-friendly websites, with a portfolio including e-commerce and photography platforms. Currently pursuing a Bachelor of Business Administration in Computer Application at Pratibha College of Commerce and Computer Studies. Proficient in programming languages like C and C++. Committed to continuous learning and innovation in the ever-evolving field of web development.

MY PROJECTS

E-commerce Website

2024 - PRESENT

- Developed a dynamic e-commerce platform leveraging HTML, CSS, JavaScript, and Node.js, ensuring seamless user interaction and efficient navigation.
- Designed and implemented intuitive interfaces for product browsing, cart management, and order tracking, enhancing the user experience and facilitating conversions.
- Integrated secure user authentication and session management functionalities to personalize shopping experiences and safeguard sensitive information.
- Utilized RESTful APIs to optimize database interactions, enabling real-time product updates and search functionalities across devices and browsers.

Photography Website

2023- 2024

- Created a custom photography website for a client using HTML, CSS, and JavaScript.
- Designed an intuitive interface with image galleries, client login portal, and contact form.
- Optimized website performance and loading speed for high-resolution images.
- Incorporated SEO techniques to improve search engine visibility and attract potential clients.

Personal Portfolio Website

2023

- Designed and developed a personal portfolio website to showcase skills, projects, and professional experience.
- Implemented interactive features such as a skill meter, project gallery, and contact form.
- Utilized CSS animations and transitions to enhance user engagement and visual appeal.
- Regularly updated content and added new projects to demonstrate growth and proficiency.
